

MAGNUS[®] UNDERLAYMENT

floorMuffler's magnetic flooring underlayment for sustainable flooring installations.

TYPE

ROLL

WIDTH

39"

LENGTH

30.75"

THICKNESS

1.3 mm

COVERAGE

100 SF

Adhesive-free

The magnetic properties of Magnus products eliminate the need for messy adhesives when installing floor coverings.

Moisture protection

The closed cells of the foam create a built in moisture barrier without the need of adding an additional plastic film.

Acoustical performance

Superior sound reduction.

66 IIC 62 STC
72 HIIC 23 ΔIIC

Circularity

Floor covering can be reused or recycled, eliminating landfill waste.

Once the floor has been removed, Magnus Underlayment is ready for the next floor installation.

How to use:

MAGNUS + MAGNETIX

Pair **Magnus** magnetic underlayment with **Intelli-Force Magnetix** (Luxury Vinyl Tile Plank flooring with magnetic backing) to form an easy-to-install flooring system.

OR

MAGNUS + MAGNUS TABS

Magnus Tabs allow most flooring to be affixed to our **Magnus** underlayment.
